No sense in running from one doctor to another. Select the best one, then stand by him. Do not delay, but consult him in time when you are sick. Ask his opinion of Ayer's Cherry Pectoral for coughs and colds. Then use it or not, just as he says.

Always keep a box of Ayer's Pills in the house. Just one pill at bedtime, now and then, will ward off many an attack of biliousness, indigestion, sick headache. How many years has your doctor known these pills? Ask him all about them.

The International Live Stock Exposition in Chicago opens Saturday and continues until Dec. 10. The Bell and Independent telephone companies have looked horns in legal proceedings at Cleveland. Trumbull county became dry territory Thursday, for which, no doubt, many people gave thanks. Lake and Champaign counties may have gone "dry". One town on the other hand, there is still defiance in the "wet" camp. Last Sunday marked the 15th anniversary of the organization of the First Presbyterian church in Warren. Special services were held. Automobiles who tear through municipalities at the rate of 60 or 70 miles an hour are once in a while caught and made to pay the fiddler. Little Martha Gledhill of Warren was so seriously burned Monday while she and several companions were playing with matches that death resulted. While Mrs. Lavin Smith was at work in her kitchen at Alliance last Friday night a paraffin stove exploded, badly burning Mrs. Smith about the arms and face. Lake county voted dry last week by about 1,500 majority. Of the 21 precincts in the county all voted dry but the smallest, Richmond, which polled 25 wet and 23 dry. J. C. A petition is being circulated in Warren asking that Congressman Thomas leave the election of a postmaster in that city to a vote of the people. Mr. Thomas some months since announced that Geo. Breiden would be recommended for the place. If the congressman ignores the petition the matter will be taken over his head to the president. There is much merit in the suggestion that Thanksgiving be made a movable holiday. The present custom is to designate the last Thursday of November as the day of thanksgiving but there is no valid reason why the day should not be changed. Thursday comes at a bad point in the week for a holiday. It generally disturbs business on Wednesday and also on Friday. If Monday were chosen instead, it would be much better. That would give two full days for rest and thanksgiving, leaving the remainder of the week intact for business purposes. If there was any religious reason for making Thursday the day, there might be room for argument against the change but as the choice of the day is purely arbitrary with the president and the governor of the state, The News fails to see any reason why Monday would not do better than Thursday.—Minerva News.

## PICKED UP IN BUCKEYEDOM

NEWS CULLED ESPECIALLY FOR OHIO READERS. Happenings of Importance in Nearly Every City and Town in the State Chronicled. Fear Execution—Threat to Kill. Columbus, O.—Fearing that he may execute a threat made ten years ago and kill Miss Daisy Sprague, formerly employed as clerk in the Ohio penitentiary, former Warden E. G. Coffin has asked the local police to apprehend and hold Otis Hurley, ex-convict, known as "the prison demon." Hurley was serving a five-year term in the penitentiary from Montgomery county on a charge of grand larceny when he became infatuated with Miss Sprague. She shunned his attentions and one day he stabbed her in the breast. The stabbing occurred in 1898 and Hurley was sentenced to 12 years in addition to the five-year term he then was serving. Then he made a threat he would kill Miss Sprague. Hurley was released June 18, 1908. For a time he lived at the Volunteers' home. According to Coffin, Hurley called him over the phone in Springfield a few days ago and asked for Miss Sprague's address. Coffin refused to give him any information. Ohio Chinamen Charge Murder. Columbus, O.—Chan Morley and Chan Lee Fong of Columbus and Chan Kong Yue of Cleveland, signing themselves as representatives of Chinese subjects in Ohio, on Monday sent a cablegram to United States Minister Rockhill at Peking, reading as follows: "Please convey message to Prince Chun that Yuanshih killed Emperor Kwan Gsu; aroused extreme hatred people; beg prince execute him immediately in the name of justice and civilization." They said the message was sent to the United States minister because they feared that in the red tape of the Chinese government, the cable never would reach its destination, unless forwarded through diplomatic channels. Toledo Lighthouse Keeper Burned. Toledo, O.—Suffering intense pain from serious burns, Capt. Gus Gramer, keeper of the Toledo harbor lighthouse on Lake Erie, four miles from the nearest land, and his assistant, Fred Delaney, groped about in Maumee bay for eight hours before medical assistance could be secured. Capt. Gramer was lighting the engine that operates the fog signal when a can of alcohol exploded, badly cooking the flesh of his right arm. The lighthouse launch was lowered and the injured man and a companion started for Toledo, but lost their way in the fog. They drifted about for eight hours before land was sighted. Cleveland Live Stock Market Booms. Cleveland, O.—The biggest day's business in the history of the Cleveland Union stock yards was done Monday, when 250 cars of live stock were shipped in from the west and points in Ohio, and disposed of immediately. An average day's business is 125 cars. There were 15,000 hogs, or nearly 200 cars. The remainder of the cars brought sheep and cattle. The quarantining of New York and Pennsylvania because of the hoof and mouth disease among cattle is responsible for the boom.

## COMMON SENSE

Leads most intelligent people to use only medicines of known composition. Therefore it is that Dr. Pierce's medicines, the makers of which print every ingredient entering into them upon the bottle wrappers and attach its correctness under oath, are daily giving in favor. The composition of Dr. Pierce's medicines is open to every body. Dr. Pierce being desirous of having the searchlight of investigation turned fully upon his formulae, being confident that the better the composition of these medicines is known the more will their curative merits be recognized. Being wholly made of the active medicinal principles extracted from native forest roots, by exact processes original with Dr. Pierce, and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead in extracting and preserving the curative virtues residing in the roots employed, these medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit-forming drugs. Examining the formula on their bottle wrappers—the same as sworn to by Dr. Pierce, and you will find that his "Golden Medical Discovery," the great blood-purifier, stomach tonic and bowel regulator—the medicine which, when recommended to cure consumption in its advanced stages (no medicine will do that) yet does cure all those catarrhal conditions of head and throat, weak stomach, torpid liver and bronchial troubles, weak lungs and hangcoughs, which, if neglected or badly treated lead up to and finally terminate in consumption. Take the "Golden Medical Discovery" in time and it is not likely to disappoint you if you give it a thorough and careful trial. Don't expect miracles. It won't do supernatural things. You must exercise your patience and persevere in its use for a reasonable length of time to get full benefits. The ingredients of which Dr. Pierce's medicines are composed have the unqualified endorsement of scores of medical leaders—better than any amount of lay or non-professional testimonials. They are not given away to be experimented with but are sold by all dealers in medicines at reasonable prices.

Kegg's, the occasion being Mrs. Kegg's birthday. The evening was spent very pleasantly. There was plenty of music by different ones. All were impressed by the sacred songs sung and played by a Mr. Goodrich of Lansing, Mich., who has been blind from birth. C. F. Middleton, wife and son Paul were in Berlin Monday. Annie Greenamyre sold six turkeys for Thanksgiving. B. F. Regals entertained the following guests Sunday: Will Kirlian and wife, Frank Walhman and wife, David Regal and family. Chas. Rice, Homer Greenamyre and family were at B. I. Greenamyre's Sunday. H. M. Gunder had his fiddler shredded Monday. D. Baird and Marion Stratten had the job. C. F. By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that we cannot cure by taking Hall's Catarrh Cure Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75¢. Take Hall's Family Pills for constipation. Dr. Shoop's Health Coffee is created from pure parched grains, malt, nuts, etc.—no real coffee in it. Fine in flavor—is "made in a minute." No 20 or 30 minutes tedious boiling. Sample free. F. A. Morris, Canfield. It isn't so difficult to strengthen a weak stomach if one goes at it correctly. And this is true of the heart and kidneys. The old fashioned way of dosing the stomach or stimulating the heart or kidneys is surely wrong! Dr. Shoop first pointed out this error. "Go to the weak or ailing nerves of these organs," said he. Each inside organ has its controlling or "inside" nerve. When these nerves fall then these organs must surely falter. This vital truth is leading druggists everywhere to dispense and recommend Dr. Shoop's Restorative. A few days' test will surely tell! Sold by F. A. Morris, Canfield. Sale bills, they are printed at the Dispatch office while you wait. Prices are right and a free notice of sale in the Dispatch goes with each set of posters.
